OrderVane — order-flow indicator suite for Quantower and NinjaTrader 8

Last updated: 2026-11-21

> The current, authoritative version of this Agreement is always available at https://ordervane.com/eula. This document is the same text, bundled for your convenience.

This End-User License Agreement ("Agreement") is a legal agreement between you ("Licensee") and Ordervane ("we", "us") for the OrderVane software ("Software"). By installing or using the Software, you agree to be bound by this Agreement. If you do not agree, do not install or use the Software.

1. License grant

We grant you a non-exclusive, non-transferable, revocable license to install and use the Software for your own trading and analysis, on the number of machines permitted by the tier you purchased (currently up to two machines per license, such as a desktop and a laptop). The Software is licensed, not sold.

2. Restrictions

- Do not copy, redistribute, resell, sublicense, rent, lease, or share the Software or your license key.
- Do not reverse-engineer, decompile, or disassemble the Software, except where such restriction is prohibited by law.
- Do not circumvent, disable, or tamper with license protection or activation.

3. Ownership

We retain all right, title, and interest in the Software, including all intellectual property rights. This Agreement does not transfer ownership.

4. Updates and support

Updates and email support are included for as long as OrderVane is offered as a product. Any reference to "lifetime" (such as "lifetime updates") means the supported lifetime of the product, not the lifetime of any individual. We may modify or discontinue features, or the product itself, over time.

5. Not financial advice

The Software is an analytical and visualization tool. It does not generate buy/sell signals, trade recommendations, or investment advice, and does not constitute financial, investment, legal, or tax advice. Trading futures and other instruments involves substantial risk of loss. Displayed data is not indicative of future results. You are solely responsible for your trading decisions.

6. Platform and third parties

The Software runs on the Quantower or NinjaTrader 8 trading platform (depending on the edition you purchased), which you must license separately. Quantower and NinjaTrader are trademarks of their respective owners; OrderVane is an independent product and is not affiliated with or endorsed by either. Market data is provided by your broker or data provider, separately.

7. No warranty

THE SOFTWARE IS PROVIDED "AS IS" AND "AS AVAILABLE", WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. We do not warrant that the Software will be error-free, uninterrupted, or profitable.

8. Limitation of liability

To the maximum extent permitted by law, we are not liable for any trading or investment losses, or for any indirect, incidental, special, consequential, or punitive damages. Our total liability under this Agreement shall not exceed the amount you paid for the Software.

9. Payments and refunds

Purchases are processed by our Merchant of Record (Paddle or Lemon Squeezy, depending on where you checked out), the seller of record, who handles payment, tax, and refunds. Refunds are governed by our published refund policy, the Merchant of Record's policy, and applicable law. A free trial is provided so you can evaluate the Software before purchase.

10. Privacy

We process personal data as described in our privacy notice at https://ordervane.com/#privacy.

11. Term and termination

This Agreement is effective until terminated. It terminates automatically if you breach it. On termination, you must stop using and delete all copies of the Software.

12. Governing law

This Agreement is governed by the laws of the Republic of Korea, without regard to conflict-of-laws rules. Mandatory consumer-protection rights in your country of residence are not affected.

13. Changes

We may update this Agreement; material changes are reflected by the "Last updated" date. Continued use after changes constitutes acceptance.
